BUILD a Bag

It's time to **stream-line** your "getting ready process!"

STEP 1: Purge out your **MAKEUP GRAVEYARD!** These are items that are just taking up space and causing your stress/remorse every time you look at them. Every time you touch them it drains you of energy!

STEP 2: Check off your favorites and NEW ones you want to **add to your collection.** Think ahead and **stock up on your "must haves".** Keep 2 or more of everything you use often on hand!

STEP 3: Let's Build a Bag of your own! You'll be **SO ORGANIZED** and always packed and **always ready to go!**
