

Introducing TimeWise Repair™ Revealing Radiance™ Facial Peel

TEXT ME:
FACIAL PEEL
to get your full-size
bottle at **20% OFF!**

Here's how helps transform the look of skin:

The glycolic acid goes to work immediately, removing dead skin cells from skin's top surface layer. This exfoliating ingredient also works on the remaining surface layers, breaking apart the bonds connecting thousands of other dead cells so they can be released and plumper, fresher cells can take their place. By increasing the rate at which skin-dulling dead cells on multiple surface layers are eliminated, the power of glycolic acid enhances skin's own renewal process for a rejuvenated look. This advanced exfoliation method also significantly smooths skin, reducing the "hills and valleys" associated with a drier rougher texture. Once the layers of dead surface cells have been removed, your skin will be primed and ready to accept the benefits of other age-fighting treatments. Because we wanted the formula to be gentle enough to use twice a week, we paired the glycolic acid with an exclusive blend of calming botanical extracts+. Since some people can experience dryness after using a peel, the formula also contains a marine extract which has been shown to have hydrating benefits.+ +Based on in-vitro testing of key ingredients

HOW TO APPLY: Thoroughly cleanse and dry skin. Apply a thin layer of Revealing Radiance™ Facial Peel on the face, avoiding the eye area, and massage gently into the skin. After 10 minutes, rinse skin thoroughly with warm water and pat dry. Use two times weekly on non-consecutive evenings. Use sunscreen and limit sun exposure.

WHO IS THE CUSTOMER? Women who are seeing the advanced signs of aging and are already loyal users of TimeWise Repair™ products and who are looking for the additional benefits a peel can provide Current TimeWise® customers who may not need the advanced benefits of the full TimeWise Repair™ regimen, but who are interested in giving their existing regimen a beauty boost. Women of any age who want to do everything they can to maintain a youthful look. Women who will be excited that Mary Kay is introducing an advanced exfoliation product

USE-UP RATE: The average use-up rate when used twice a week is six months.

FORMULA ATTRIBUTES: • Dermatologist tested • Clinically tested for skin irritancy and allergy Suitable for all skin types and skin tones • Non-comedogenic • Oil-free

Introducing TimeWise® Vitamin C Activating Squares™

TEXT ME: **C SQUARES**
to get your full package at
20% OFF!

Turn your serums into a SUPER POWER! Fresh every time. Pure vitamin C degrades and loses its power over time when exposed to air, light or water. But now that problem's solved with a breakthrough in technology that keeps the pure vitamin C stable until you unlock its power with every use. As the square dissolves in the palm of your hand, it's transformed into a fresh, potent, pure vitamin C elixir that powers up your serum for an age-fighting boost. Fresh the first time. Fresh every time. First and only at Mary Kay. Clinically tested results in two weeks – and the benefits get better over time! The longer you use the activating squares, the better the benefits can get. After four weeks, skin looks brighter overall. And fine lines and wrinkles in the crow's feet area look improved, as shown in the images below.** Why does my skin need vitamin C? Just as vitamins are important to your health, vitamin C is important for helping skin fight the multiple signs of aging. And since the body can't produce vitamin C on its own or store it for long periods of time, it needs to be replenished on a regular basis. This powerhouse vitamin is known to help skin look more radiant and even-toned, but it also plays a role in supporting natural collagen and elastin to help reduce the appearance of fine lines and wrinkles. In addition, vitamin C is an antioxidant that helps guard against the harmful effects of environmental free radicals.

APPLICATION INSTRUCTIONS: Turn your serum into a superpower. The true genius of this technology is that inside every packette is a single square that gives you a fresh dose and pure power every time. In just seconds, it's activated by you. At night, cleanse your face using your preferred cleanser. Next, peel back the corner of the packette until the transparent square is revealed. Place the square in the palm of your hand, cover with three to four drops of water, and mix until dissolved. Add the normal dosage of your Mary Kay® serum‡ to the solution, and mix to activate the dissolved square. Apply to face, and allow to dry completely before continuing your skin care regimen.
